

# EINSTEIN KEY

## Part-II

(Inside-Out Method)

Imagination means the future, the way towards tomorrow and the driving force of our life. Therefore, the imagination is the only power which could be used by us for our success, as Albert Einstein had used his imaginative power and became the symbol of Geniusness.

Geniusness means inside-out process. If you could bring your potentiality into reality then you will be called as Genius. This book is about **"How to bring out talent with the help of imagination."**
