

GEETA ACADEMY BHIRI

(Revolutionizing Education)

My dear friends,

You know, today English has got such an important place in our society that we can't survive unless we are perfect in English.

Mind it:-

Yesterday (Past)	Today (Present)	Tomorrow (Future)
Literacy means, merely knowing to read and write in Hindi was enough.	Literacy means, knowing to read and understand a little bit in English is important.	Literacy means, knowing to read, understand, write and talk in English will be essential.

Now you have to decide whether you want to live in the past, present or future. Remember, irrespective of your decision, the society is going to live in the future. Dear, you are our future. We want to see you soar high, so this earth (India) will grow in every field. See there is always a possibility to perform the best. Here is *a mantra 4 u* :-

TO BE THE BEST

Talk To Yourself: -

“ To be the best is a continuous process. Always there is a possibility for improvement. I love to be the best. I always see, say and feel, ‘How can I improve myself?’ I work on my own answers. I rely on my inner-self because; my inner-self is the best friend, the best teacher and the best coach. I respect, love and follow my inner-self.” SANJAY PAL
